BALDWIN'S FAMOUS PRIZE REBUS

FREE

One \$700.00 Ellington Combination Player Piano
One \$400.00 Hamilton Piano
One \$250.00 Baldwin Piano Player
One Hundred other prizes amounting to thousands of Dollars

The Most Liberal Contest

Is prepared by our Publicity Department for the purpose of more generally and thoroughly advertising the line of pianos made by us—The Baldwin, Ellington, Hamilton, Howard and Valley Gem—as well as to secure a new list of piano and player prospects for 1909, which compiled through the medium of canvassers and solicitors would be very costly.

It is a well Known Fact

That advertising under modern business methods is a most important factor in the marketing of any article. Having both manufactured and sold pianos and piano players for a period of nearly half a century, we have found that Baldwin-made pianos in the homes of "satisfied patrons" the invaluable advertisers. We have accordingly diverted a portion of the fund usually spent in periodicals, magazines, billboards, etc., to this method of

Direct Advertising

by which the benefits go to the many purchasers instead of few publishers.

Baldwin Contests Therefore Invariably Prove Direct Home Economy

Out of Town Contestants

GO RIGHT AT IT.

Friends And Neighbors In Cloverport Will Show You How.

Get at the root of the trouble. Rubbing an aching back may relieve it.

But it won't cure it. You must reach the root of it—the kidneys.

Don't's Kidney Pills go right at it. Reach the cause, relieve the pain. They cure, too, so Cloverport people say.

Geo. F. Megerie, River St., Cloverport, Ky., says: "For three months I was unable to do any work on account of my kidneys being disordered. The passages of the kidney secretions were painful and my feet became so badly swollen that I was unable to get on my shoes. There was a dull ache in the small of my back, which extended into my head and although I tried a number of different remedies, I was unable to find relief. Finally Don't's Kidney Pills came to my attention and I procured a supply at Fisher's drug store. I used them according to directions and in six weeks I was entirely free from kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Don't's—and take no other.

Near Death in Big Pond.

It was a thrilling experience to Mrs. Ida Soper to face death. "For years a severe lung trouble gave me intense suffering," she writes, "and several times nearly caused my death. All remedies failed and doctors said I was incurable. Then Dr. King's New Discovery brought quick relief and a cure so permanent that I have not been troubled in twelve years." Mrs. Soper lives in Big Pond, Pa. It works wonders in coughs and colds, Sore Throats, Hemorrhages, La Grippe, Asthma, Croup Whooping Cough, and all Bronchial affections. 50c and \$1.00. Their Good Time.

Little Etile was very disobedient and mother was cross and scolding. Suddenly the little one locked up and said very sweetly, "Oh, mamma, ain't we having a good time?" "How?" asked the mother crossly. "Oh, just a-fun-ning,"—Delineator.

EXEMPTIONS

Of Harry H. Board Includes All Assets. Telegraph Operator and Clerk at Henderson Lists Liabilities.

Harry H. Board, of Henderson, a clerk and telegraph operator for A. Waller & Co., filed a petition in bankruptcy in federal court Friday placing his liabilities at \$415.32 and his assets at \$106 and a \$1,000 life insurance policy in the Equitable Life Insurance company. All the creditors are Louisville firms with the exception of the First State Bank, of Irvington, which has a claim of \$53.00 against him, and J. C. Crutcher, of Webster, to whom he owes \$17. The petitioner is a married man and has a wife, mother and two sisters depending on him for support. He asks exemptions on all his household furniture and other assets amounting to \$106. Two suits of clothes and an overcoat are listed at \$16, while a Knight's Templar uniform is valued at \$37. These are among the articles claimed as exempt.—Oanabero Messenger.

Accidents will happen, but the best remedied remedy is Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and helps the heart.

ERROR MEANT DEATH.

Typsetters and Proofreaders on Chinese Paper Careful.

China, with all its vast population, boasts not only two dozen daily papers, but among them are the two oldest papers in the world. The Kin Pan used to be considered by Europeans the oldest paper, but it has been issued a mere thousand years. The Tsing Pau, or Pekin News, was first published 600 years before the Norman conquest and has been issued without interruption for nearly 1,400 years. The Tsing Pau has the appearance of a yellowed parchment of twenty-four octavo pages, each page containing seven columns, consisting of seven "characters."

Two editions are published—an edition de luxe for the court and the upper classes at a cost of 24 cents a month, and a cheaper edition in paper and printing, costing 16 cents a month. It has a circulation of about 10,000 and is really the principal paper of China, chronicling the movements of the emperor and of the court and printing the ministerial reports. It is probably the most exact newspaper in the world. The punishment for an error in printing was until recently, at least, instant death.—New York Times.

It Saved His Leg.

"All though I'd lose my leg," writes J. A. Swenson, Watertown, Wis., "Ten years of eczema, that 15 doctors could not cure, had at last laid me out. Then Buckell's Arnica Salve cured it sound and well." Infallible for Skin Eruptions, Eczema, Salt Rheum, Boils, Fever Sores, Burns, Scalds, Cuts and Piles. 25c at Sovers Drug Store.

The English Three R's.

We are constantly being misandered by the foreigners, says Clarence Rook, and the Frenchman of whom the following story is told contrived to do us something less than justice.

He had been on a visit to this country in order to study at first hand the social manners of the English people. On returning to his native land he was asked by a friend whether he had discovered the meaning of the mysticisms "three R's."

"Oh, I found out what they were on the first day of my visit," said he. "And what are they, then?"

"Rippling, rotten and right-on!" replied the triumphant Frenchman—London Mail.

This is the most dangerous time of the year to catch cold and it is the hardest time to cure it. If you should take a cold, a few doses of Kennedy's Laxative Cough Syrup will not vary promptly. Its laxative principle cures the cold by driving it from the system by a gentle but natural action of the bowels. Children especially like Kennedy's Laxative Cough Syrup as it tastes good, nearly like maple sugar. It is sold by all druggists.

A Lover's Envy

Henry Van Dyke in March Century

I envy every flower that blows
Beside the pathway where she goes,
And every bird that sings to her,
And every breeze that brings to her
The fragrance of the rose

I envy every poet's rhyme
That moves her heart at eventide,
And every tree that wears for her
Its brightest bloom, and bears for her
The fruitage of its prime.

I envy every southern night
That paves her path with moonbeams white,
And silvers all the leaves for her,
And in their shadow weaves for her
A dream of dear delight.

I envy none whose love requires
Of her a gift, a task that tires:
I only long to live to her,
I only ask to give to her
All that her heart desires.

LEE AT APPOMATTOX.

One of the Most Notable Scenes in the History of the War.

Men who saw the defeated general when he came forth from the chamber where he had signed the articles of capitulation say that he passed a moment as his eyes rested once more on the Virginia hills, and his hands together as though in some excess of inward agony, then mounted his gray horse, and rode calmly away. If that was the very last moment of his trials, yet he must have had then one moment of supreme, if chastened, joy. As he rode quietly down the line leading from the scene of capitulation he passed into view of his men—of such as remained of them. The news of the surrender had not abated, and they were waiting, grief-stricken and dejected, upon the hill-sides when they caught sight of their old commander on the gray horse. Then occurred one of the most notable scenes in the history of the war. In an instant they were about him, bareheaded, with tear wet faces, throwing him kisses, shaking his hand, his boots, his saddle, weeping, cheering him and their tears, shouting his name to the very skies. He said: "Men, we have fought through the war together. I have done my best for you. My life is too full to say more."—From "Robert E. Lee, the Southerner."

A Contractor.

DONALSONVILLE, Ga., Jan. 20, 1909. Dr. Kilmer & Co., Birmingham, N. Y. Gentlemen:—About four years ago I suffered from kidney trouble and rheumatism in my hips. The pain across my back became so severe that I could hardly straighten up and could not walk without dragging my feet. I would urinate frequently and would have to rise two or three times during the night, causing me to suffer from loss of sleep. And with the pain I was all run down and began to lose flesh. I saw Swamp Root advertised and bought one bottle to try it. After taking it I felt better and could sleep all right at night. I continued to take it until I had taken four large bottles. I was entirely free from my pain in the back and began to gain in weight. I always recommend Swamp Root to my friends as I think the cure in my case remarkable.

Yours very truly,
M. H. HICKSON,
Donalsonville, Ga.

OBEYED THE DOCTOR.

Did His Best in Keeping a Watch Upon the Patient.

The late Dr. Drummond, the brilliant poet, once related an amusing anecdote indicative of the simplicity of the rural French Canadian.

He was summing in Megantic county, Que., when, early one evening, he was visited by a young farmer named Ovide Leblanc.

"Bon soir, docteur," said Ovide by way of greeting. "Ma brudder Moise, heem ver' seck. You come on O'house for see heem, doc?"

Drummond, always kind hearted and obliging, complied with the request of Ovide and found the unfortunate Moise suffering from what he diagnosed as a fairly severe case of typhoid.

"Wishing to provide Moise with some medicine," said the doctor, "I asked Ovide to accompany me back to the village. The prescription compounded, I proceeded to instruct Ovide. The dose was to be administered every three hours during the night, and, trying to be as brief, plain and explicit as possible, I said: 'Be sure and keep him on Moise tonight and give him a teaspoonful of this at 9 o'clock, 12 o'clock and at 3 and 6 o'clock in the morning.'"

Ovide understood and departed. The following morning he again presented himself, and Drummond asked: "How's Moise?"

"Ma brudder Moise, I tink he come better dan las' night," replied Ovide. "I give him de medicine, but I don't know de watch in daytime, doc. I tink de clock—done what mak d'bee, deesturb for get up. I keep eet on bees cheet all night. Tink eet do beem good dat, but I deesturb. What you tink, doc?"—Harper's Weekly.

THE QUEEN BEE.

Her Household Service the Most Perfect in the World.

"We must go to the bee for the real solution of the perfect question," said a housewife. "The queen bee's service is the most perfect in the world. Why, she has servants who digest her food for her."

"The queen bee is an entirely occupied in egg laying—she lays 2,500 eggs, twice her own weight, daily—that all other things must be done for her."

"And so a corps of servants makes her toilet. This corps all day long cleans and brushes and polishes her person. It is as though her life were passed divinely in a beautiful parlor."

"Another corps of servants has charge of the air she breathes. The air must be the purest, that her organs may be the finest. So, standing in a circle about her, fanning with their wings, these bees make a living ventilation system."

"Her most important servants are perhaps her feeders. Their training may be said to begin before birth. The queen must be nursed, that her eggs be molded eggs, with glands in their heads for the reception of bee milk, the chosen predigestion food of the queen. The feeders stand always at attention, presenting like a brimming cup, their head glands, swollen with predigestion food, to the queen bee, slung at her task of laying a dozen eggs a minute."—New Orleans Times Democrat.

Mate as Aids to Matrimony.
"The wise woman is as careful about the choice of a husband as she is about the choice of a husband." The celebrated author who uttered this dictum may have exaggerated a little, but not much. And allow me, a woman, to tell you solemnly when I see sweethearts at the "frivoliety" of my sex that often the cleverest among you chooses a wife for no better reason than that the woman thus selected has herself been a becoming bit of a flirt. There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials. Address: F. J. Cheney & Co., Toledo, Ohio.

Sold by druggists, 75c. Take Hall's Family Pills for constipation.

COURT NOTICE

Breckenridge County Court. Called Term, March 15, 1909.

At a called term of the Breckenridge County Court, called and held in the court house in Hardinsburg, on Monday, March 15, 1909.

Present: Hon. H. DeH. Moorman, Judge of Breckenridge county, Ky.

It appearing to this court from reports of the County Supervisor of Roads and Bridges and other reliable sources that the high waters of the Ohio river and other smaller streams have done most extensive damage to a great number of bridges in this county—wasting some entirely away, tearing away approaches and abutments of others and rendering many entirely unsafe for use; and it further appearing from personal knowledge and that gained from authoritative sources that the damage is so extensive that it cannot be met by the regular bridge fund, as it will amount to thousands of dollars; and it appearing that many of the steel or iron bridges of the county are very old and are dangerously affected by the combination of time, use and results of said high water—in order that the Fiscal court may fully and intelligently discharge its duty in the premises and take the proper action for the preservation of life and property and avert such catastrophes as have befallen some other counties because of the existence of similar conditions, hereby order and direct the Supervisor of roads and bridges of Breckenridge county to make a careful and complete investigation of the condition of each and all of the bridges of said county forthwith, reducing his findings to writing and that he submit the result of such examination in the form of a detailed report to the Fiscal court of Breckenridge county, on the first day of its April 1909, term, approximating the amount necessary to rebuild and repair the bridges of the county and pay accounts thus created and outstanding.

All citizens possessing knowledge of the damaged condition of any bridge,

MIX THIS.

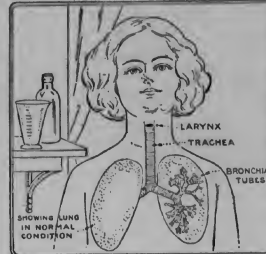

Prepare at Home By Shaking Ingredients Well in a Bottle.

What will appear very interesting to many people here is the article taken from a New York daily paper, giving a simple prescription, which is said to be a positive remedy for backache or kidney or bladder derangement, if taken before the stage of Bright's disease.

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take 10 teaspoonful doses after each meal and again at bedtime. A well-known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic affections with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

Settled Colds Are Always Dangerous.

CONSUMPTION BEGINS WITH A COLD

A Heavy Cold. Samuel McKinley, 1209 Askew Ave., Kansas City, Mo., member of the Society of the United States Jewelry Auctioneers, writes:

"I can honestly say that I owe my life to Peruna. After some of the best doctors in the country gave me up and told me I could not live another month, Peruna saved me. "Traveling from town to town, throughout the country, and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while plying my trade as auctioneer, it is only natural that I had colds frequently; so when this would occur I paid little attention to it, until last December, when I contracted a severe case, which, through neglect on my part, settled on my lungs. "When almost too late, I began doctoring, but without avail, until I heard of Peruna. It entered me, so I cannot praise it too highly."

Nasal Catarrh, Coughs. Mr. Emil Pickart, 810 Indiana Ave., Hammond, Ill., writes:

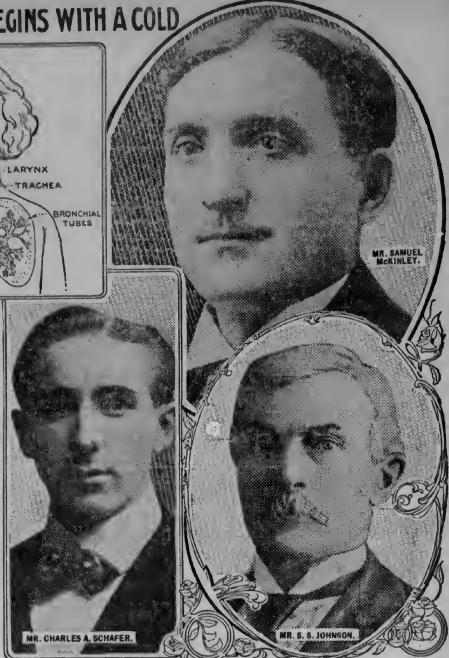

"I am entirely cured of catarrh of the nose, and my stomach is in good condition also. I only used about five bottles of your great medicine, although I had catarrh so bad and for so many years that I thought I wouldn't live much longer. I had to consult doctors right along. Now all my friends say I never looked as well as I do now. "I can also say that it is a great remedy for coughs, because I give it to my children. I never will be without it. I used enough other medicine to know how valuable Peruna is. "You are at liberty to use my name in spreading the merits of Peruna."

approach or abatement will kindly bring same to the attention of said Supervisor and thus assist him in making a complete report.

It further appearing that it will be necessary for the said Fiscal court to take some steps to provide means to defray the expenses of such rebuilding and repairing of bridges and abutments the County Attorney is hereby directed to advise the said Supervisor or bridge commissioner on the premises preparatory to recommending legal and proper steps by the said court, at such term, in an effort to restore to our citizenship safe means of public travel, at the earliest possible time and at the minimum expense, having due regard for proper amount and quality of the work. The said Supervisor will also take careful notice of the damage over the county to culverts and roads, generally, occasioned by said heavy rains, and will also let his report on bridges cover this subject. County clerk who have this order published in both county newspapers. Given under my hand this March 15, 1909.

H. DeH. MOORMAN, Judge Breckenridge County, Ky.

A copy attested: W. F. HOOK, Clerk.

Settled on Lungs. Mr. Charles A. Schafer, Nebraska City, Neb., Ex-President Local Brotherhood of Bookbinders, writes:

"I am pleased to give my experience with Peruna. "Some years ago I contracted a heavy cold which settled in my body and finally resulted in catarrh of the lungs and stomach. "I tried many remedies, but found nothing effective until I tried Peruna. In a very few days I was feeling much better, and as the result was so promising I was glad to keep on using it. In about a month the sickness had entirely left my joints, I felt much better, and the catarrh was being carried out of my system."

Fred Dieckman and family will leave in a few days for California to locate.

"I used Peruna for about two months before I was able to say that I was entirely well, but I have never regretted the money which I expended for it, for it has put me in perfect health."

Catarrh for Five Years. Mr. S. H. Johnson, Greenville, Ill., writes:

"I was for five years troubled with catarrh. Two years ago I had one foot in the grave. I had tried seven doctors and also went to a catarrh specialist in St. Louis, and took several kinds of medicine a day. I could not walk more than a hundred yards without resting. "My friends told me to take Peruna, and I did so. I now feel that Peruna has saved my life. It is the best medicine on earth, and I would not be without it."

The soothing spray of Ely's Liquid Cream Balm, used in an atomizer, is an unparelleled relief to sufferers from Catarrh. Some of them describe it as a Godsend, and no wonder. The thick, foul discharge is dislodged and the patient breathes freely, perhaps for the first time in weeks. Liquid Cream Balm contains all the healing, purifying elements of the solid form, and it never fails to satisfy. Sold by all druggists for 75c., including spraying tube, or mailed by Ely Bros., 56 Warren Street, New York.

It shall be the duty of the sheriff and his deputies, and each constable in his district, to kill or cause to be killed any dog, the owner of which has failed or refused to pay the tax thereon when due, and for each dog so killed, without the order of a court, such officer shall be allowed by the fiscal court fifty cents, to be paid out of the dog tax fund. For the purpose of this act, the tax on dogs shall be considered due on the first day of March of each year. Provided however, The sheriff may collect such tax at any time and in such manner as taxes are now collectible by law."

BLOOD

We live by our blood, and on

blood is rich or poor. There is
nothing else to live on or by.
When strength is full and

continual flow of rich blood.
This is health.

we are starved; our blood is
poor; there is little nutriment

The Thundering Legion.
In the year A. D. 174 a Roman legion made up wholly or in part of Christians fought under Marcus Antoninus against the Marcomanni. The Roman army were shut up in a defile and ready to perish from thirst when a severe thunderstorm, with heavy rain, relieved them of their distress and at the same time terrified their enemies, so that a great victory was gained. The Christians attributed their deliverance to the prayers they had just presented, and considered it miraculous, and the term "thundering legion" was applied to the soldiers.—New York American.
